

FOR IMMEDIATE RELEASE:

**FORTIS INC. SHAREHOLDERS APPROVE ACQUISITION OF ITC HOLDINGS,
ELECTION OF DIRECTORS & SAY ON PAY**

St. John's, NL (May 5, 2016) – At the Fortis Inc. (“Fortis” or the “Corporation”) (TSX:FTS) Annual and Special Meeting of Shareholders held today in St. John's, NL, shareholders approved the Corporation's acquisition of ITC Holdings Corp. (“ITC”) (NYSE:ITC). 92.51% of the Fortis shareholders represented in person or by proxy at the meeting voted to approve the issuance of up to 117 million Fortis common shares as partial consideration for the acquisition of ITC.

“We are very pleased with the support from our shareholders for this transformative transaction with ITC,” said Mr. Barry Perry, President and Chief Executive Officer of Fortis. “The acquisition of ITC is expected to be accretive to earnings per share in the first year and will further diversify our utility business. We believe this exposure to the predictable returns of a transmission business, with no commodity or fuel risk, will result in long-term value creation for shareholders.”

Under the terms of the transaction, ITC shareholders will receive US\$22.57 in cash and 0.7520 of a Fortis common share for each ITC common share. Based on the February 8, 2016 closing price for Fortis common shares and the US\$/C\$ exchange rate on that date, the per share consideration offered by Fortis represents a premium of 33% over ITC's unaffected closing share price on November 27, 2015 and a 37% premium to ITC's unaffected average closing price over the 30-day period prior to November 27, 2015. The Fortis-ITC transaction was valued at approximately US\$11.3 billion as of the close of markets on February 8, 2016.

The transaction is expected to close in late 2016, subject to the satisfaction of customary closing conditions, including approval of the acquisition by holders of a majority of the outstanding ITC common shares. ITC will hold its special shareholder meeting in the coming weeks to allow its shareholders to vote on the transaction. The acquisition is also subject to receipt of certain regulatory approvals, including the approval of the Federal Energy Regulatory Commission, the Committee on Foreign Investment in the United States, and the United States Federal Trade Commission/Department of Justice under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, as well as various state approvals, among others.
