This solicitation is made by the Management of Fortis. It is expected that the solicitation will primarily be by mail but proxies may also be solicited personally, by telephone, e-mail, Internet or facsimile by directors, officers and employees of Fortis, or by such agents as Fortis may appoint. Fortis has retained Kingsdale Shareholder Services Inc. in connection with the solicitation of proxies at a cost of \$35,000 and reimbursement of disbursements related to the solicitation. The cost of solicitation will be borne by Fortis.

The directors have set 21 March 2011 as the record date for the Meeting. Unless otherwise stated, information in this Circular is given as of 21 March 2011.

### REVOCABILITY OF PROXIES

Proxies given by Shareholders for use at the Meeting may be revoked at any time prior to their use. ## VOTING OF PROXIES

The persons named in the enclosed form of proxy are directors or officers of Fortis and have consented to act as proxy for the shareholders who so appoint them. **A shareholder desiring to appoint another representative (who need not be a Shareholder of Fortis) may do so either by inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the registered office of Fortis or the principal office of Computershare Trust Company of Canada, 100 University Avenue, 9<sup>th</sup> Floor, Toronto, ON M5J 2Y1 or by toll-free facsimile transmission to 1-866-249-7775 within Canada and the United States (416-263-9524 outside Canada and the United States) at any time not later than 5:00 p.m. (Toronto time) on 3 May 2011, or with the Chair of the Meeting on the day of the Meeting or not less than 48 hours prior to any adjournment(s) or postponement(s) thereof.**

The form of proxy affords the Shareholder an opportunity to specify that the shares registered in the Shareholder's name will be voted, or withheld from voting, in respect of the election of directors and the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors.

On any ballot that may be called for, the shares represented by proxies in favour of Management nominees will be voted or withheld from voting in respect of the election of directors and the appointment of auditors and the authorization of the directors to fix the remuneration of the auditors in accordance with the specifications made by each Shareholder.

**If a proxy does not specify how a proxy nominee is to vote in respect of the matters set forth in the proxy, the shares represented by proxies in favour of Management nominees will be voted FOR the election of the directors listed hereafter, the appointment of auditors named herein and the authorization of the directors to fix the remuneration of the auditors.**

The form of proxy confers discretionary authority on the proxy nominee with respect to amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting or any adjournment(s) or postponement(s) thereof. At the time of printing this Circular, Management does not know of any matter to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any such amendment, variation or matter should properly come before the Meeting, the shares represented by proxies in favour of Management nominees will be voted on such matters in accordance with the best judgment of the proxy nominee.

## MATTERS FOR CONSIDERATION OF SHAREHOLDERS

### FINANCIAL STATEMENTS

The Consolidated Financial Statements of Fortis for the year ended 31 December 2010 are on pages 71 through 121 of the 2010 Fortis Inc. Annual Report which is being mailed to all of the registered Shareholders and those beneficial Shareholders who have requested to receive the Annual Report. These documents are also available on the Fortis website at [www.fortisinc.com](http://www.fortisinc.com) and on the System for Electronic Document Analysis and Retrieval ("SEDAR") website at [www.sedar.com](http://www.sedar.com).

### ELECTION OF DIRECTORS

The Articles of Fortis provide for a minimum of 3 and a maximum of 15 directors. All directors of Fortis are elected annually to serve until the next Annual Meeting of Shareholders or until their successors shall have been duly elected or appointed. The Board currently consists of 11 members. The Shareholders of Fortis will be asked to elect 11 directors for the ensuing year. The term of office of each current director of Fortis will expire immediately prior to the election of directors at the Meeting. Each person whose name follows is proposed to be elected as a director of Fortis to serve until the earlier of the next Annual Meeting of Shareholders or until his or her successor is elected or appointed.

Details pertaining to each of the nominees can be found on pages 7 through 12 of this Circular. All of the nominees listed below were duly elected as directors at the last Annual Meeting of Shareholders held on 4 May 2010. The 11 nominees proposed for election as directors are as follows:

<i>Peter E. Case</i>	<i>H. Stanley Marshall</i>	<i>David G. Norris</i>
<i>Frank J. Crothers</i>	<i>John S. McCallum</i>	<i>Michael A. Pavey</i>
<i>Ida J. Goodreau</i>	<i>Harry McWatters</i>	<i>Roy P. Rideout</i>
<i>Douglas J. Haughey</i>	<i>Ronald D. Munkley</i>	

If any of the proposed nominees should for any reason be unable to serve as a director of Fortis, the persons named in the enclosed form of proxy reserve the right to nominate and vote for another nominee in their discretion unless the Shareholder has specified in the proxy that the shares are to be withheld from voting in the election of directors.

If any nominee for director receives, from the Common Shares voted at the Meeting in person or by proxy, a greater number of votes “withheld” than “for” his or her election, such director must promptly tender his or her resignation to the Chair, such resignation to take effect on acceptance by the Board. The Governance and Nominating Committee will expeditiously consider the director’s offer to resign and recommend to the Board whether to accept it. Within 90 days of the Meeting, the Board will make a final decision and announce it by way of media release. Any director who tenders his or her resignation will not participate in the deliberations of the Governance and Nominating Committee or the Board. This does not apply to a contested election of directors, that is, where the number of nominees exceeds the number of directors to be elected.

***Management and the Board recommend that Shareholders vote FOR these nominees. The persons named in the enclosed Proxy intend to vote FOR the election of each of these nominees unless the Shareholder specifies that authority to do so is withheld.***

**APPOINTMENT OF AUDITORS AND AUTHORIZATION OF THE DIRECTORS TO  
FIX THE AUDITORS’ REMUNERATION**

The Board, on the recommendation of its Audit Committee, proposes to nominate Ernst & Young LLP as the auditors of Fortis to hold office until the close of the next Annual Meeting of Shareholders.

The directors negotiate with the auditors of Fortis on an arm’s length basis in determining the fees to be paid to the auditors. Such fees are based upon the complexity of the matters dealt with and the time expended by the auditors in providing services to Fortis. Management believes that the fees negotiated in the past with the auditors of Fortis have been reasonable in all circumstances and would be comparable to fees charged by other auditors providing similar services.

Fees incurred by Fortis for work performed by its auditors, Ernst & Young LLP, during each of the last two financial years for audit, audit-related and tax services were as follows:

<b>Fortis Inc. External Auditor Service Fees (\$000’s)</b>		
<b>Ernst &amp; Young LLP</b>	<b>2010</b>	<b>2009</b>
Audit Fees	<b>2,703</b>	2,280
Audit-Related Fees	<b>607</b>	855
Tax Fees	<b>202</b>	354
<b>Total</b>	<b>3,512</b>	3,489

Audit fees in 2010 increased, as compared to 2009, primarily due to audit work billed in 2010 related to Algoma Power Inc., which was acquired in October 2009, combined with auditor review procedures performed in 2010 in preparation for the Corporation's previously expected adoption of International Financial Reporting Standards, effective January 1, 2011. Audit-related fees decreased in 2010, as compared to 2009, mainly due to less audit-related work required in 2010 associated with the filing of prospectuses for preference equity and debt financings at the corporate and subsidiary levels, respectively. Tax fees were higher in 2009, as compared to 2010, due to tax work performed in 2009 associated with the corporate reorganization of FortisUS Energy Corporation and work performed in relation to the adoption of amended Canadian Institute of Chartered Accountants Handbook Section 3465, *Income Taxes* by FortisBC Energy Inc. (formerly Terasen Gas Inc.), FortisAlberta Inc., FortisBC Inc. and Newfoundland Power Inc.

***Management and the Board recommend that Shareholders vote FOR the appointment of Ernst & Young LLP as the auditors of Fortis for 2011 and FOR the authorization of the Board to fix the remuneration of the auditors for 2011. The persons named in the enclosed Proxy intend to vote FOR the appointment and FOR the authorization of the Board to fix the remuneration of the auditors unless the Shareholder specifies that authority to do so is withheld.***

#### **OTHER MATTERS**

Management knows of no matters to come before the Meeting other than the business referred to in the Notice of Meeting. However, if any other matters should be properly brought before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the proxy nominee.

Shareholders entitled to vote at the next annual meeting to be held in 2012 and who wish to submit proposals in respect of any matter to be raised at such meeting must ensure that Fortis receives their proposals not later than 3 February 2012.

## DIRECTOR COMPENSATION

During 2010, annual compensation for directors, other than Mr. Marshall, consisted of cash compensation and deferred compensation as follows: annual retainer, meeting attendance fees and Deferred Share Units (“DSUs”). Each of these components is described in more detail below.

The following table describes the director compensation structure in place during 2010 as compared to the previous two years and the current fee structure effective 1 January 2011:

	2011	2010	2009	2008
Annual Non-Executive Board Chair Retainer (cash or optional DSUs)	\$170,000	\$160,000	\$160,000	\$160,000

Annual Audit Committee Chair Retainer (cash or optional DSUs)	\$20,000	\$15,000	\$15,000	\$15,000
Annual Human Resources and Governance and Nominating Committee Chair Retainers (cash or optional DSUs)	\$15,000	\$15,000	\$15,000	\$15,000

The following table summarizes director compensation for 2010:

Total	522,000	700,000	338,604	1,560,604

<sup>(1)</sup> These amounts include all fees payable in cash for services as a director of Fortis, including annual director and committee chair retainers and meeting fees.

<sup>(2)</sup> These amounts represent the annual equity compensation in the form of DSUs granted to a director of Fortis. These include both the mandatory equity component of the annual retainer of \$30,000 and any optional component of the annual director retainer or committee chair retainer as directed to be paid in DSUs rather than in cash. The amounts represent the cash equivalent at the time of issue. During 2010, the cumulative DSU holdings of participants increased by the notional reinvestment of dividends.

<sup>(3)</sup> These amounts include all fees paid or payable by a subsidiary of Fortis to a director in his (her) capacity as a director of the payor subsidiary. In the case of Mr. Crothers, fees were paid in US dollars (\$72,509) and converted into Canadian dollars at a rate of 1.03%.

<sup>(4)</sup> Fees paid to Mr. Hyland in 2010 were for meetings attended by him up to the time of his death on 3 November 2010.

<sup>(5)</sup> Mr. Marshall, as CEO, does not receive compensation as a director of Fortis. Director fees paid to Mr. Marshall from subsidiaries of Fortis are reported in footnote 5 of the Summary Compensation Table on page 33 of this Circular.

In 2004, the Board introduced the Directors’ Deferred Share Unit Plan (“DSU Plan”) as an optional vehicle for directors to elect to receive credit of their annual cash retainer in DSUs. The Board may also determine from time to time that special circumstances exist that would reasonably justify the grant of DSUs to a director as compensation in addition to any regular retainer or fee to which the director is entitled. During 2006, the Board elected to discontinue the grant of stock options to directors and initiated an annual grant of DSUs.

DSUs granted in lieu of cash payment of annual retainer are credited to participating directors as of 1 January of each year by dividing the total applicable annual retainer by the average of the daily average of the high and low board lot trading prices of the Common Shares on the TSX for the last five trading days immediately preceding the grant of the DSUs. Additional DSUs are credited on the quarterly dividend payment dates as notional dividends are assumed to be reinvested.

The annual grant of DSUs, that comprises the equity component of Fortis directors' annual compensation, is credited to all directors who are not officers of Fortis as of the grant date at the average of the daily average of the high and low board lot trading prices of the Common Shares on the TSX for the last five trading days immediately preceding the grant of the DSUs. On 1 January 2010, directors who were not officers of Fortis were each granted 1,047 DSUs at a price of \$28.658, equivalent to approximately \$30,000 in value. Additional DSUs are credited on the quarterly dividend payment dates as notional dividends are assumed to be reinvested.

Upon retirement from the Board, a director participant in the DSU Plan will receive a cash payment equivalent to the number of DSUs credited to the notional account multiplied by the average of the daily average of the high and low board lot trading prices of Common Shares on the TSX for the last five trading days immediately preceding the date of payment.

### DIRECTOR EQUITY OWNERSHIP

Effective 1 January 2006, the Board adopted a policy regarding equity ownership by directors requiring directors to acquire Common Shares and/or DSUs equivalent in value to three times their annual retainer (inclusive of mandatory DSU grant) within four years from the date the person was first elected to the Board. As of the date of this Circular, all of the nominees either meet the minimum equity ownership policy or are within the time allowed under the policy to achieve compliance. New directors are permitted four years from the date of their election to achieve compliance with the minimum equity ownership policy.

The following table shows the Common Share and DSU holdings of each of the director nominees as at 21 March 2011 and comparable holdings for the previous year.

Director <sup>(1)</sup>	Equity Ownership 22 March 2010		Equity Ownership 21 March 2011		Net Change in Equity Ownership		Market Value of Equity Ownership 21 March 2011 <sup>(3)</sup>	Multiple of 2010 Annual Retainer (x)

<sup>(1)</sup> Mr. Marshall's equity ownership is not reported in the above table as he does not receive compensation as a director of Fortis. He is compensated as President and CEO of Fortis and his Common Share ownership value as a multiple of his 2010 base salary is outlined on page 31 of this Circular.

<sup>(2)</sup> Includes 1 January 2011 grant of DSUs related to annual retainer of \$170,000 for the Chair of the Board and \$60,000 for other Directors.

## **DIRECTOR TENURE POLICY**

The Board adopted a director tenure policy in 1999 which is reviewed on a periodic basis and was most recently reviewed and amended in September 2010. The policy provides that Directors of Fortis are to be elected for a term of one year and, except in exceptional circumstances determined by the Board, will be eligible for re-election until the Annual Meeting of Shareholders next following the earlier of the date on which they achieve age 70 or the 12<sup>th</sup> anniversary of their initial election to the Board. The policy does not apply to Mr. Marshall whose service on the Board is related to his tenure as CEO.

## **MAJORITY VOTING FOR DIRECTORS**

Effective 1 January 2010, the Board adopted a policy stipulating that if any nominee for director receives, from the Common Shares voted at the Annual Meeting of Shareholders, a greater number of votes “withheld” than “for” his or her election, such director must promptly tender his or her resignation to the Chair, such resignation to take effect on acceptance by the Board. The Governance and Nominating Committee will expeditiously consider the director’s offer to resign and recommend to the Board whether to accept it. Within 90 days of the Annual Meeting of Shareholders, the Board will make a final decision and announce it by way of media release. Any director who tenders his or her resignation will not participate in the deliberations of the Governance and Nominating Committee or the Board. This policy does not apply to a contested election of directors, that is, where the number of nominees exceeds the number of directors to be elected.

## **DIRECTORS’ AND OFFICERS’ LIABILITY INSURANCE**

Directors’ and officers’ liability insurance has been purchased for the benefit of the directors and officers of Fortis. This policy is renewable effective 1 July each year. The premium for such insurance in respect of 2010 was \$304,847. The insurance coverage obtained under the current policy is \$125,000,000 in respect of any one incident, subject to a \$250,000 deductible for securities claims and a \$100,000 deductible for other claims.

## REPORT ON CORPORATE GOVERNANCE

The Board of Directors and Management of Fortis acknowledge the critical importance of good corporate governance practices in the proper conduct of the affairs of Fortis. Fortis corporate governance practices comply with the Corporate Governance Guidelines promulgated in National Policy 58-201 – *Corporate Governance Guidelines*. Disclosure of Fortis approach to corporate governance in compliance with Form 58-101F1 (under National Instrument 58-101 – *Disclosure of Corporate Governance Practices*) is set out in the Disclosure of Corporate Governance Practices annexed as Schedule A on page 40 of this Circular.

### THE BOARD OF DIRECTORS

The Board has concluded that 10 of the 11 nominees for election as directors as outlined in *Board of Directors* on pages 7 through 12 of this Circular are independent in accordance with the definition of independence set out in Section 1.4 of Multilateral Instrument 52-110 – *Audit Committees*. Mr. Marshall is not considered independent because he is the President and CEO of Fortis. Prior to his election to the Board, Mr. Crothers was an executive officer and Vice Chair of Caribbean Utilities Company, Ltd., a subsidiary of Fortis. He relinquished his executive officer position with the subsidiary on 30 August 2007. As more than three years have elapsed since Mr. Crothers terminated his officer position with the subsidiary, Caribbean Utilities Company Ltd., the Board has determined that Mr. Crothers has no material relationship with Fortis and considers him to be independent.

Currently, there is only one instance where directors of Fortis serve as directors on the same board of another reporting issuer, other than a subsidiary of Fortis. Messrs. Marshall and McCallum are both directors of Toromont Industries Ltd. The following table sets forth the current directors who serve on the boards of reporting issuers, other than subsidiaries of Fortis, together with their committee involvement on such boards:

Director	Reporting Issuer	Committee
F. J. Crothers	Talon Metals Corp. Templeton Mutual Funds	Audit Audit
D. J. Haughey	Provident Energy Ltd.	
H. S. Marshall	Toromont Industries Ltd.	Human Resources
J. S. McCallum	IGM Financial Inc. Toromont Industries Ltd.	Related Party and Conduct Review (Chair); Audit (Chair); Public Policy; Governance and Nominating Audit (Chair); Corporate Governance, Lead Director
R. P. Rideout	NAV CANADA	Human Resources and Compensation (Chair); Governance and Nominating

The Board annually appoints from amongst its members three standing Committees: the Governance and Nominating Committee, the Audit Committee and the Human Resources Committee. Fortis does not have an executive committee of the Board. Each committee has a written mandate which sets out in detail the activities or areas of Fortis business to which the committee is required to devote its attention. All committees are currently composed of independent and unrelated directors. Mr. Marshall attends committee meetings in his capacity as CEO of Fortis and is not a member of any committee.

## **GOVERNANCE AND NOMINATING COMMITTEE**

The mandate of the Governance and Nominating Committee requires the committee, among other things, to:

- (i) develop and recommend the Fortis approach to corporate governance issues to the Board;
- (ii) propose new nominees for election to the Board;
- (iii) carry out procedures specified by the Board for assessing the effectiveness of the Board, the directors and each Board committee;
- (iv) approve the engagement of an outside expert, or experts, by an individual director at Fortis expense; and
- (v) review and make recommendations to the Board with respect to the adequacy and form of the compensation of directors.

The members of the Governance and Nominating Committee, who are all independent and unrelated, are John S. McCallum (Chair), Harry McWatters, Ronald D. Munkley, Roy P. Rideout and David G. Norris from 2 March 2011. The Governance and Nominating Committee held three meetings during 2010.

## **AUDIT COMMITTEE**

The Audit Committee provides assistance to the Board by overseeing the external audit of the annual financial statements and the accounting and financial reporting and disclosure processes of Fortis. Details regarding the Audit Committee and its mandate can be found in Section 11 of the Fortis 2010 Annual Information Form which can be viewed at either [www.fortisinc.com](http://www.fortisinc.com) or on SEDAR at [www.sedar.com](http://www.sedar.com).

The members of the Audit Committee, who are all independent and unrelated, are Peter E. Case (Chair from 2 March 2011), David G. Norris (Chair until 2 March 2011), Douglas J. Haughey and John S. McCallum. The Audit Committee held eight meetings during 2010.

## **HUMAN RESOURCES COMMITTEE**

The compensation committee functions of Fortis are fulfilled by the Human Resources Committee whose mandate requires the committee, among other things, to:

- (i) assist and advise the Board and CEO in appointing senior management;
- (ii) monitor programs for training and developing senior management and planning for succession within the ranks of senior management;
- (iii) oversee the form and adequacy of the compensation and benefits provided by Fortis to its senior management; and
- (iv) administer all incentive compensation plans and arrangements including the 2006 Stock Option Plan, the Short-Term Incentive Plan, the Performance Share Unit Plan and any other stock option, stock appreciation rights, restricted share, or other form of incentive compensation plans.

The members of the Human Resources Committee, who are all independent and unrelated, are Roy P. Rideout (Chair), Ida J. Goodreau, David G. Norris and Michael A. Pavey. The Human Resources Committee held two meetings during 2010.

## REPORT ON EXECUTIVE COMPENSATION

### 2010 Report of the Human Resources Committee of the Board of Directors

The *Compensation Discussion and Analysis* that follows discusses the Corporation's executive compensation programs and policies. The primary element of the Human Resources Committee's mandate is oversight of the Corporation's compensation programs and policies while making decisions regarding the compensation of executives based on those programs and policies. As a result, the Human Resources Committee has participated in the preparation of the *Compensation Discussion and Analysis* and has recommended to the Board that the *Compensation Discussion and Analysis* be included in this Circular.

Roy. P. Rideout (Chair)  
Ida J. Goodreau

David G. Norris  
Michael A. Pavey

The following discussion pertains to the three Named Executive Officers ("NEOs") of Fortis:

1. H. Stanley Marshall – President & CEO;
2. Barry V. Perry – Vice President, Finance & Chief Financial Officer ("CFO"); and
3. Ronald W. McCabe – Vice President, General Counsel & Corporate Secretary ("General Counsel").

## COMPENSATION DISCUSSION AND ANALYSIS

The Corporation's executive compensation program is designed to attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive's level of responsibility.

### EXECUTIVE COMPENSATION POLICY

#### Triennial Review

Fortis conducts a triennial review of its Executive Compensation Policy using the services of its primary compensation consultant and another compensation consultant. The latest triennial review was conducted during 2009 and led to the implementation, effective 1 January 2010, of the 2010 Executive Compensation Policy. Fortis operating subsidiaries follow a similar process to develop executive compensation policies reflecting their specific operating environment.

#### Objectives

Executive compensation practices at Fortis are specifically designed to:

- Motivate executives to deliver strong business performance;
- Attract and retain highly qualified executives;
- Align closely the interests of executives and shareholders;
- Balance executive compensation paid for short-term and long-term results;
- Ensure that a significant portion of executive compensation is dependent upon individual and corporate performance while contributing to increasing shareholder value; and
- Keep the executive compensation program simple to communicate and administer.

## Competitive Positioning

Fortis does not measure performance against a particular reference group. However, as a general policy, Fortis compensates executives at a level approximately at the median of the practice among a broad reference group of 284 Canadian commercial industrial companies from the Hay Group database. This reference group does not include organizations in the financial service and broader public sectors. It does include organizations from the energy, mining and manufacturing sectors.

Due to the size and complexity of the CEO's role, the CEO's compensation is referenced against a group of 25 specific companies that reflect the broader Hay Group database of Canadian commercial industrial companies used in comparison for other Fortis NEOs. These 25 companies are as follows:

ATCO Limited	IAMGOLD Corp.	Teck Resources Ltd.
Barrick Gold Corporation	Kinross Gold Corp.	Tembec Inc.
Canadian Pacific Railway	Methanex Corp.	Toromont Industries Ltd.
Canadian Tire Corp.	Nexen Inc.	TransAlta Corp.
Emera Inc.	Nova Chemicals Corp.	TransCanada Corp.
Enbridge Inc.	Petro-Canada	Wajax Income Fund
EPCOR Utilities Inc.	Russel Metals Inc.	Xstrata Nickel Canada
Finning International Inc.	Sherritt Int'l Corp.	
Goldcorp Inc.	Suncor Energy Inc.	

The continued appropriateness of both reference groups is formally considered as part of the triennial review of the Executive Compensation Policy.

Annually, the Human Resources Committee uses the median compensation data from the appropriate reference group to compare each executive position to jobs of similar value within the reference group. This framework serves as a guide for the Human Resources Committee's deliberations. The actual total compensation and/or amount of each compensation element for an executive officer may be more or less than the median amount.

## Elements of Total Compensation

Considering the objectives above, NEOs are rewarded for performance through the following three components of compensation:

**Current-Year Performance + Long-Term Performance + Full-Career Performance**

Current-Year Performance		
Compensation Element (Eligibility)	Description	Compensation Objectives
Annual Base Salary (all NEOs)	Salary is a market competitive, fixed level of compensation.	Attract and retain highly qualified executives. Motivate strong business performance.
Annual Incentive (all NEOs)	Combined with salary, the target level of annual incentive is intended to provide executives with a market-competitive total cash opportunity.  Earnings Per Share ("EPS") is the corporate performance metric.  Annual incentive payouts depend on individual and corporate performance.	Attract and retain highly qualified executives.  Motivate strong business performance.  Compensation dependent on individual and corporate performance.  Simple to communicate and administer.

<b>Long-Term Performance</b>

## **Current-Year Performance**

### ***Annual Base Salary***

Annual base salaries for the NEOs are reviewed by the Human Resources Committee and established annually in the context of total compensation and by reference to the range of salaries paid by Hay Group’s Canadian Commercial Industrial Companies comparator group, in the case of the CFO and General Counsel, and to the specific group of Commercial Industrial companies for the CEO. Fortis policy is to pay executives at approximately the median of the salaries paid to executives in these comparator groups.

### ***Annual Incentive***

Fortis uses an annual incentive plan that provides for annual cash payouts to reward executives for performance over 12 months. The amount of each executive’s annual incentive is determined by the Board upon recommendation of the Human Resources Committee following annual assessment of corporate and individual performance and is expressed as a percentage of each executive’s annual base salary. The incentive plan is reviewed annually by the Board, upon recommendation from the Human Resources Committee, and is premised upon meeting and exceeding the current year’s corporate performance targets and individual performance objectives.

Considerations relevant to the determination of corporate performance targets include general economic factors and business conditions, anticipated regulatory proceedings, and the derivation of and relative contribution to earnings of particular business segments. The ability to generate year-over-year earnings growth can be constrained by the absence of acquisitions, utility regulatory decisions, general economic factors and the relative earnings mix between regulated and non-regulated activities.

The directors have full discretion in respect of the operation of the annual incentive plan and are required to take into account all relevant circumstances in the exercise of judgment regarding the amounts and terms of annual incentive plan payments. The Board may make deviations from prescribed formulas in appropriate circumstances, having regard to the overall performance of the individual NEO, the Corporation and external considerations.

The sequential process for setting and determining the annual incentive payout is as follows:

### Target Setting

1. Weightings are assigned between corporate and individual performance.
  - The relative ability of each executive to impact corporate performance is reflected in the weighting between corporate and individual elements, with 80% of the CEO's annual incentive primarily dependent upon corporate performance.

#### 2010 Corporate and Individual Performance Mix

Position	Corporate Performance %	Individual Performance %	Total %
President & CEO	80	20	100
VP, Finance & CFO	70	30	100
VP, General Counsel	50	50	100

2. Target and maximum annual incentive payouts are delineated as a percentage of base salary.
  - In 2010 the targeted annual incentives for the CEO, the CFO and the General Counsel were set at 80%, 50% and 30% of their respective annual base salaries.
  - Annual incentive payouts are earned for meeting expected corporate performance targets as adjusted for factors determined to be beyond the reasonable control of management as reviewed by the Audit Committee and approved by the Human Resources Committee.
  - The annual incentive plan contemplates payment at 150% of target (normal maximum) when superior performance is achieved, with an additional 50% of target available to be awarded at the Board's discretion in recognition of individual response to exceptional challenges or opportunities.
  - The Board retains discretion to award an incentive in excess of 200% of target and may make deviations from the prescribed formulas in appropriate circumstances, having regard to the overall performance of the individual NEO, the Corporation and external considerations.
  - Generally, no payments will be made in respect of the corporate component where corporate performance is below a minimum threshold predetermined by the Board.
  - Where individual performance is judged to be unsatisfactory during the year, no annual incentive payment will be made, notwithstanding that certain thresholds/targets were met.

### Determinations

1. Corporate performance is determined by reference to EPS results compared to the Corporation's annual Business Plan adopted by the Board.
  - The target EPS range of projected Business Plan performance is developed by the Human Resources Committee and recommended to the Board for adoption.
  - Events beyond the reasonable control of management, such as effects of market power prices and hydrological conditions, are identified and adjusted, either upward or downward, by the Human Resources Committee when assessing measurement of actual EPS against target EPS.

- The Audit Committee reviews the proposed adjustments to actual EPS for events beyond the reasonable control of management and confirms the financial implications of such events to the Human Resources Committee for its assessment in developing a recommendation for Board approval.
- For 2010 the Board adopted a range of + or – 5% of the EPS projected in the Business Plan for the purpose of setting the maximum target and minimum acceptable corporate performance.

### Corporate Performance Targets

Earnings per Share	Payout
Less than 95% of Business Plan	-
95% of Business Plan	50%
Business Plan	100%
105% or more of Business Plan	150%

- Performance between 95% and 105% of Business Plan results in an interpolated payout between 50% and 150% of Target.
2. Individual performance is determined by measuring results against individual executive performance objectives approved by the Human Resources Committee in the first quarter of the financial year.
  3. Each NEO’s annual incentive payment is determined by the Board, upon recommendation from the Human Resources Committee.

A summary of the performance metrics, weightings, and potential multiples for each NEO is shown below.

Position	Corporate Performance Targets <sup>(1)</sup>			Individual Performance Targets <sup>(1)</sup>		
	Weight	Metric	Multiple	Weight	Metric	Multiple
President & CEO	80%	EPS	0 - 150%	20%	Multiple	0 - 150%
VP, Finance & CFO	70%	EPS	0 - 150%	30%	Multiple	0 - 150%
VP, General Counsel	50%	EPS	0 - 150%	50%	Multiple	0 - 150%

<sup>(1)</sup> The Corporate Performance multiple plus the Individual Performance multiple can range between 0% to 150%. The final incentive percentage can be increased at the Board’s discretion based on the NEO’s response to exceptional challenges or opportunities.

### Long-Term Performance

#### Long-Term Incentives

Long-term incentives (“LTI”) are granted to align executives’ interests with shareholders interests in increasing shareholder value. Two programs currently used by Fortis are: (i) Stock Options under the 2006 Stock Option Plan (“2006 Stock Option Plan”) and (ii) Performance Share Units (“PSUs”) under the Performance Share Unit Plan (“PSUP”) established in 2004 for the CEO.

Descriptions of these two plans are set out below.

### **1. 2006 Stock Option Plan**

The 2006 Stock Option Plan was approved by the Shareholders on 2 May 2006 for the grant of Options to Eligible Persons and has not been amended in the latest financial year. Directors are not eligible to participate in the 2006 Stock Option Plan. No Options shall be granted under the 2006 Stock Option Plan if, together with any other security based compensation arrangement established or maintained by Fortis, such granting of options could result in: (i) the number of Common Shares issuable to insiders of Fortis, at any time, exceeding 10% of the issued and outstanding Common Shares; and (ii) the number of Common Shares issued to insiders of Fortis, within any one year period, exceeding 10% of the issued and outstanding Common Shares.

The 2006 Stock Option Plan is administered by the Human Resources Committee. Pursuant to the 2006 Stock Option Plan, the determination of the exercise price of Options is made by the Human Resources Committee at a price not less than the volume weighted average trading price of the Common Shares of Fortis determined by dividing the total value of the Common Shares traded on the TSX during the last five trading days immediately preceding the date of grant by the total volume of the Common Shares traded on the TSX during such five trading days. The Human Resources Committee determines: (i) which Eligible Persons are granted Options; (ii) the number of Common Shares covered by each Option grant; (iii) the price per share at which Common Shares may be purchased; (iv) the time when the Options will be granted; (v) the time when the Options will vest; and (vi) the time at which the Options will expire (not more than seven years from the date of grant).

Options granted under the 2006 Stock Option Plan are personal to the Eligible Person and not assignable, other than by testate succession or the laws of descent and distribution. In the event that a person ceases to be an Eligible Person, the 2006 Stock Option Plan will no longer be available to such person. The grant of Options does not confer any right upon an Eligible Person to continue employment or to continue to provide services to Fortis.

If the term of an Option granted pursuant to the 2006 Stock Option Plan, held by an Eligible Person, expires during a blackout period (being a period during which the Eligible Person is prohibited from trading in the securities of Fortis pursuant to securities regulatory requirements or then applicable written policies), then the term of such Option, or unexercised portion thereof, shall be extended and shall expire ten business days after the end of the blackout period.

Options granted pursuant to the 2006 Stock Option Plan have a maximum term of seven years from the date of grant. Options will vest over a period of not less than four years from the date of grant. Options granted pursuant to the 2006 Stock Option Plan will expire no later than three years after the termination, death or retirement of an Eligible Person. Loans to Eligible Persons for the exercise of Options are prohibited by the 2006 Stock Option Plan.

The 2006 Stock Option Plan provides that, notwithstanding any provision in the plan to the contrary, no Option may be amended to reduce the Option Price below the Option Price as of the date the Option is granted.

Commencing 1 January 2009, where an executive has been granted options for five or more prior years, the maximum number of shares for which options will be granted in any calendar year will not exceed the minimum number of shares held by the executive since the beginning of the previous calendar year.

## **2. *Performance Share Units***

The CEO is granted PSUs in addition to stock options. Each PSU represents a unit with an underlying value equivalent to the value of Common Shares. Notional dividends are assumed to accrue to the holder of the PSU and to be reinvested on the quarterly dividend payment dates of Common Shares. The PSU maturation period is three years, at which time a cash payment is made to the CEO after evaluation by the Human Resources Committee of the achievement of predetermined personal and/or corporate objectives and total return performance. The payment is based on the number of PSUs outstanding multiplied by the volume weighted average trading price of the Common Shares determined by dividing the total value of the Common Shares traded on the TSX during the last five trading days immediately preceding the date of grant by the total volume of the Common Shares traded on the TSX during such five trading days.

These units provide an additional incentive for the CEO to achieve specific mid- to long-term corporate performance goals. If these goals are not achieved, then the CEO may ultimately receive less compensation than the approximate median of the CEO reference group of companies.

## **3. *Other Security Based Arrangements***

In addition to the two LTI plans discussed above, Fortis maintains other security based arrangements from which awards are no longer granted. They include the 2002 Stock Option Plan and the Executive Stock Option Plan. Upon approval of the 2006 Stock Option Plan of Fortis by the Shareholders on 2 May 2006, stock option grants ceased to be made under the 2002 Stock Option Plan; however, unexercised options remain outstanding under the 2002 Stock Option Plan and the original Executive Stock Option Plan. The 2002 Stock Option Plan and the Executive Stock Option Plan will terminate when all of the outstanding options are exercised or expire, on or before 28 February 2016 and 15 May 2011, respectively.

### **Full-Career Performance**

#### ***Employee Share Purchase Plan***

The optional Employee Share Purchase Plan (“ESPP”) was approved on 7 December 1987. In May 2010, the Board adopted an ESPP that satisfies share delivery obligations from purchases on the open market rather than issuance from treasury. This new feature of the ESPP became operational at its September 1, 2010 share purchase date. The market purchase ESPP is transparent to the participant and employs the same terms as the original ESPP. Details of this plan are discussed below.

Employees of Fortis and its subsidiaries are encouraged to share in the financial performance of Fortis by investing in Common Shares as facilitated through the ESPP for all permanent employees and stock option plans for senior management. The ESPP is available to permanent employees and persons who retire upon becoming eligible to do so under the terms of their employer’s pension plan and who were participants in the ESPP at the time of their retirement (“Retirees”). As at 31 December 2010, the total number of Common Shares issued and outstanding under the ESPP was 2,084,192. This represents 1.2% of the total number of issued and outstanding Common Shares.

Permanent employees participating in the ESPP may inform their employer that they wish to participate in the ESPP by completing an employee participation form. The proposed investment in Common Shares cannot be less than \$100 and cannot exceed, in the aggregate, in any calendar year, 10% of the permanent employee’s annual base salary for the year. A Retiree’s participation will be limited to the reinvestment of dividends on Common Shares recorded for participation in the ESPP. The benefits of the ESPP are not assignable.

Since 1 September 2010, all of the shares are purchased from the open market. The permanent employee's contribution represents 90% of the purchase price of the Common Shares under the ESPP and the permanent employee's employer contributes the remaining 10%. Shares are acquired in the open market by Computershare Trust Company of Canada, the trustee under the ESPP.

Where payments received by the employer from the permanent employee are less than the amounts directed to be invested, the Employer will make a loan ("Employee Loan") to the permanent employee for the amount of the balance. The permanent employee must repay any Employee Loan amount, without interest, over a term not exceeding 52 weeks immediately following the date of the loan. The full amount of an Employee Loan outstanding becomes due and payable immediately upon termination of employment, when any compensation owing to the permanent employee will be applied to repayment of the Employee Loan.

All Common Shares purchased and retained under the ESPP are registered in the name of Computershare Trust Company of Canada, as trustee, for the benefit of the permanent employees participating in the plan. Certificates for Common Shares purchased through an Employee Loan will not be provided to the permanent employee until such Employee Loan is repaid in full. Otherwise, certificates for Common Shares held by a permanent employee under the ESPP are provided upon written request to Fortis or upon termination of the permanent employee's participation in the ESPP.

## **RETIREMENT ARRANGEMENTS**

Mr. Marshall's participation in a Defined Benefit Registered Pension Plan ("DB RPP") and the Defined Benefit Supplemental Plan ("DB SERP") (collectively the "DB Plans") ceased with respect to contribution and accrual of benefit on 31 December 2006. Commencing 1 January 2007, Fortis contributes an amount, which is matched by Mr. Marshall, up to the maximum RRSP contribution limit, as allowed by the *Income Tax Act* (Canada), to a self-directed RRSP for Mr. Marshall. Commencing 1 January 2007, he also participates in the non-contributory Defined Contribution Supplemental Employee Retirement Plan ("DC SERP").

### ***Defined Benefit Plans***

In accordance with the terms of Mr. Marshall's employment agreement entered at the time he was appointed CEO in April 1996, the combined result of the DB Plans is to entitle Mr. Marshall to receive an annual payment following retirement equal to 70% of his highest three-year average annual base salary and annual cash incentive determined as at 31 December 2006. The annual benefit that will be paid to Mr. Marshall upon retirement under the DB Plans is subject to actuarial adjustment resulting from delayed commencement of Mr. Marshall's retirement after 1 January 2007. The annual pension that would have been paid as of 31 December 2010 to Mr. Marshall, if his retirement had commenced on 1 January 2011, was \$1,167,826 for life with 50% payable to his surviving spouse.

All payments to Mr. Marshall under the DB SERP will be paid from Fortis operating funds and are not secured through a trust fund. The DB SERP operates as a supplement to the Corporation's regular defined benefit pension plan which provides a pension up to the maximum limits allowed by the applicable pension rules of the *Income Tax Act* (Canada).

### ***Other Retirement Arrangements***

Messrs. Perry and McCabe do not participate in a defined benefit pension plan and Mr. Marshall's participation in the DB Plans ceased as at 31 December 2006, other than in regards to his entitlement to pension payment on retirement. Fortis contributed to self-directed RRSPs for Messrs. Marshall, Perry and McCabe, which contribution was matched by them up to the maximum RRSP contribution limit, as allowed by the *Income Tax Act* (Canada).

### ***Defined Contribution Supplemental Employee Retirement Plan***

Messrs. Marshall, Perry and McCabe participate in the DC SERP. The DC SERP provides for the accrual by Fortis of an amount equal to 13% of the annual base salary and annual cash incentive of the participant in excess of the allowed maximum for contribution to an RRSP, to an account which will accrue interest equal to the rate of a 10-year Government of Canada bond yield rate plus a premium of 1% to 3% dependent upon years of service. At the time of retirement, the notional amounts accumulated under the DC SERP may be paid to the participant in one lump sum or in equal payments over 15 years.

## **2010 EXECUTIVE COMPENSATION**

### ***Objective Setting***

Following approval of the Business Plan by the Board, the CEO recommends a range of the EPS projected in the Business Plan to be used to assess corporate performance by the Human Resources Committee. Each NEO also proposes individual performance objectives that support the Business Plan. The CEO submits his individual performance objectives directly to the Human Resources Committee and reviews the individual performance objectives for the other NEOs with the Human Resources Committee. The Human Resources Committee then reviews and submits the corporate and individual performance objectives to the Board of Directors for approval.

### ***Annual Base Salary***

In accordance with the executive compensation philosophy, the Human Resources Committee adjusts annual base salaries for each NEO referenced against the market medians for the applicable comparator group(s) of Canadian commercial industrial companies.

### ***Annual Incentive***

Fortis used EPS, adjusted either upward or downward for matters beyond the reasonable control of management, to determine the corporate performance component of annual incentive payouts for 2010.

The individual performance metrics established for 2010 were intended to drive personal development and performance, outside of corporate goals.

In addition to performance against his position description, individual metrics for the CEO included:

- strategically positioning Fortis and its subsidiaries for continued profitable growth through progress on acquisition opportunities in Canada and the United States;
- Integration of the Corporation's British Columbia utilities; and
- Progress on significant regulatory matters

In addition to performance against his position description, individual metrics for the CFO included:

- Managing financial aspects of acquisition or divestiture investigations and transactions for Fortis and its subsidiaries.
- Continuing the implementation of International Financial Reporting Standards and the enterprise risk management program.
- Long-term debt financing at Fortis and its subsidiaries; and
- Issuance of a new preference share series.

In addition to performance against his position description, individual metrics for the General Counsel included managing legal aspects of acquisition or divestiture investigations and transactions for Fortis and its subsidiaries.

In respect of identification and analysis of the impact of matters beyond the reasonable control of management, the Human Resources Committee, with the assistance of the Audit Committee in respect of corporate adjustments, performed an assessment of the performance of the Corporation and individual NEOs against the predetermined corporate and individual performance metrics to develop its recommendation to the Board for the 2010 annual incentive payments. The assessment of the Human Resources Committee was as follows:

**President & CEO:**

	Actual Performance			Resultant Payout		
Type of Metric	Metric	Target	Actual % of Target	Actual % of Target Multiple	STI Weighting %	% Payout
Corporate Metrics	EPS	Business Plan EPS (adjusted)	107	150	80	120
Individual Metrics	Subjective	100%		125	20	25
Total		-			100	145

**VP, Finance & CFO:**

	Actual Performance			Resultant Payout		
Type of Metric	Metric	Target	Actual % of Target	Actual % of Target Multiple	STI Weighting %	% Payout
Corporate Metrics	EPS	Business Plan EPS (adjusted)	107	150	70	105
Individual Metrics	Subjective	100%		140	30	42
Total		-			100	147

## VP, General Counsel:

	Actual Performance			Resultant Payout		
Type of Metric	Metric	Target	Actual % of Target	Actual % of Target Multiple	STI Weighting %	% Payout
Corporate Metrics	EPS	Business Plan EPS (adjusted)	107	150	50	75
Individual Metrics	Subjective	100%		140	50	70
Total		-			100	145

Based on performance against corporate and individual objectives mentioned above and in exercise of the discretion vested in the Board, the following annual incentive payments were awarded:

	2010 Actual Annual Incentive Payment (\$)	Percentage of Target Payout (%)
H. Stanley Marshall	1,160,000	145
Barry V. Perry	331,000	147
Ronald W. McCabe	106,000	147

## Long-term Incentives

### *Stock Options*

The number of options granted to NEOs is based upon each NEO's annual base salary. Under guidelines approved by the Board, each executive may receive one option grant per year. In 2010 the CEO, CFO and General Counsel received option grants at 300%, 300% and 150% of their respective annual base salaries. In terms of the number of options, these percentages resulted in 109,652, 49,344 and 13,160 stock options being granted to the CEO, CFO and General Counsel, respectively. Options were granted at an exercise price of \$27.36. Options granted in 2010 have a maximum term of seven years from the date of grant and the Options will vest over a period of not less than four years from the date of grant. No options will vest immediately upon being granted. Options will expire no later than three years after the termination, death or retirement of the NEO.

There were no amendments, replacements, or any modifications to option grants during 2010. However, a total of 93,864 options were cancelled during 2010 by reason of termination of employment of the optionee.

### *Performance Share Units*

#### **2010 – 2013 PSU Grant**

In 2010 the CEO was granted 60,000 PSUs, valued at a total of \$1,407,600 at date of issue. The payout criteria established by the Human Resources Committee, in respect of the 2010 grant, were directed at:

- (1) Successfully minimizing the impacts of the global economic crisis on the Corporation over the next three years and taking advantage of opportunities that may be presented;
- (2) Successfully consolidating all of the Corporation's British Columbia utilities; and

- (3) Maintenance of reasonably successful results from Fortis as a whole as measured by total return equal to, or better than, the return reported for the S&P/TSX Utilities Index over the three-year period commencing 1 March 2010.

### 2007 – 2010 PSU Grant

The Human Resources Committee considered the PSU award made in 2007 at its meeting of 1 March 2010. The Human Resources Committee reviewed performance over the three-year period from 2007 through 2010 of the Corporation and the CEO against the pre-defined payout criteria of:

1. The integration of Terasen Inc. and Fortis Turks & Caicos into the Fortis organization in a reasonably successful manner, including delivery of financial performance in line with acquisition projections; and
2. Maintenance of reasonably successful results from Fortis as a whole as measured by total return equal to, or better than, the return reported for the S&P/TSX Capped Utilities Index over the three-year period commencing 7 May 2007.

The Human Resources Committee concluded that Mr. Marshall succeeded in achieving the performance criteria and authorized payment pursuant to the plan in the amount of \$597,438.

### 2010 Total Direct Compensation Components

(Base Salary + Annual Incentive + Stock Options + PSUs)

Fortis approach to total direct compensation is to provide a comprehensive compensation package that links to overall corporate strategy by rewarding individual performance based on Fortis corporate performance. A significant portion of total compensation is “at risk” – meaning it will vary annually based on corporate performance, with the remainder derived from salary. In 2010 the portion of total annual compensation at risk for the CEO, CFO and General Counsel was approximately 75%, 55% and 40%, respectively. This level of “at risk” compensation encourages the alignment of executive and shareholder interests. Fortis executive compensation regime is structured in a manner that emphasizes the greater ability of the CEO to affect corporate performance by making a greater portion of the CEO’s compensation dependent upon corporate performance. A breakdown of the components of 2010 Total Direct Compensation (Base Salary + Annual Incentive + Stock Options + PSUs) for each NEO is shown below.

NEO	Base Salary (\$)	Annual Incentive (\$)	Stock Options (\$)	PSUs (\$)	Total at-Risk
President & CEO	1,000,000	1,160,000	483,565	1,407,600	75%
VP, Finance & CFO	450,000	331,000	217,607	-	55%
VP, General Counsel	240,000	106,000	58,036	-	40%

## Retirement Plans

In 2010 the Corporation contributed to self-directed RRSPs for Messrs. Marshall, Perry and McCabe, which contributions were matched by them up to the maximum RRSP contribution limit of \$22,000, as allowed by the *Income Tax Act* (Canada).

Additional amounts were accrued into DC SERP accounts equal to 13% of the annual base salary and annual cash incentive above the threshold required to meet the maximum RRSP contribution limit for each NEO in the amounts of \$261,920, \$79,498 and \$22,772 for Messrs. Marshall, Perry and McCabe, respectively. A detailed breakdown of retirement plans for each NEO is provided in the *Retirement Plan Tables* on page 36 of this Circular.

## SHARE OWNERSHIP GUIDELINES

The Board adopted a policy in 2003 that requires the CEO to acquire Common Shares to a value equivalent to three times annual base salary within three years of being appointed to the position of CEO. Mr. Marshall's ownership of Common Shares exceeds this requirement.

Instead of prescribing minimum holdings for the other NEOs, the Board elected to encourage share ownership by participants in the 2006 Stock Option Plan by adopting a guideline in the 2007 Executive Compensation Policy that would limit annual option grants to any NEO who has been granted options for at least five years to the lesser of the number of options prescribed under the Executive Compensation Policy related to the particular position rating of the individual and the minimum number of shares actually owned by the individual since the beginning of the previous calendar year. This guideline became effective with the option grants made on 11 March 2009. The current share ownership of the NEOs compared to a multiple of their 2010 annual base salary is as follows:

### Common Share Ownership of Named Executive Officers

Name	Shares Owned at 21 March 2011 <sup>(1)</sup> (#)	Value of Shares <sup>(2)</sup> (\$)	Common Share Value as a Multiple of 2010 Base Salary (x)
H. STANLEY MARSHALL	437,044	14,400,600	14.40
BARRY V. PERRY	106,052	3,494,413	7.77
RONALD W. McCABE	73,439	2,419,815	10.08

<sup>(1)</sup> Represents both direct and indirect ownership of Common Shares, as reported by each NEO

<sup>(2)</sup> Calculated using the closing price of Common Shares at 21 March 2011 of \$32.95

## Note on Trading Restrictions

Fortis prohibits employees, officers and directors from entering into short sales, calls and puts of any of its securities. Directors and officers of Fortis and its subsidiaries are also required to pre-clear any buying or selling of Fortis securities, including stock options, with the CFO or General Counsel.

## COMPENSATION CONSULTANT

Fortis currently engages Hay Group Limited (“Hay Group”) as its primary compensation consultant.

Fortis also engages Mercer Human Resources Consulting to consult on certain pension and compensation issues and to perform certain administrative and actuarial functions related to Fortis pension programs.

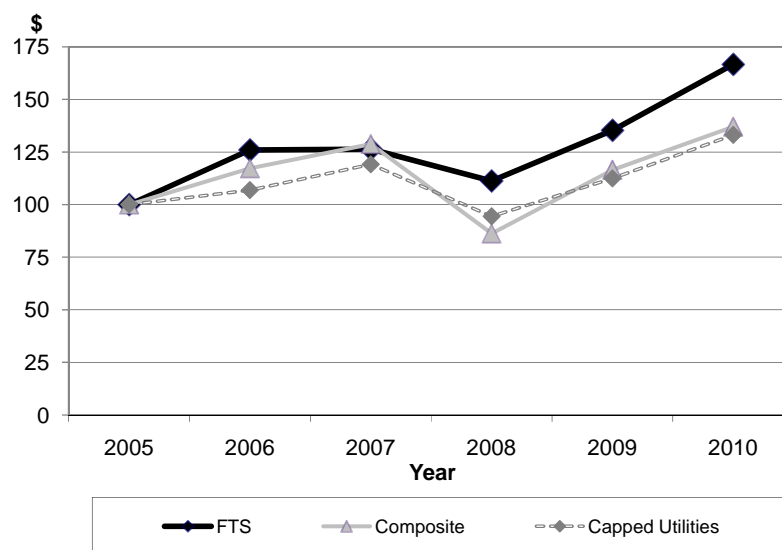

Type of Fee	2010 Consultant Fees (\$)	Percentage of Total 2010 Consulting Fees (%)
Executive Compensation Consulting <sup>(1)</sup>	79,960	26.8
Pension Consulting and Actuarial Services	217,863	73.2

<sup>(1)</sup> Mandate given to Hay Group in 2010 was for the following work: compensation analysis for executive positions, estimated salary increases, incentive valuation and Compensation Discussion and Analysis disclosure consulting.

## PERFORMANCE GRAPH

The following graph compares the total cumulative shareholder return for \$100 invested in Common Shares on 31 December 2005 with the cumulative total return of the S&P/TSX Composite Index and the S&P/TSX Capped Utilities Index for the five most recently completed financial years. Dividends declared on the Common Shares are assumed to be reinvested at the closing share price on each dividend payment date. The S&P/TSX Composite Index and S&P/TSX Capped Utilities Index are total return indices and include reinvested dividends.

Fortis executive compensation programs are designed to reward NEOs at approximately the median practice of Canadian commercial industrial companies. Total Shareholder Return (“TSR”) is only one of the factors considered by the Human Resources Committee during its deliberation over both the short-term and long-term incentive components of compensation. Therefore, a direct correlation between the performance graph and executive compensation levels over any given period is not to be expected.

As demonstrated in the graph above, Fortis TSR has increased 67% since 31 December 2005. Fortis performance has exceeded the two comparator indices over the five most recently completed financial years. The increase in NEO Total Compensation (other than Pension Value) for 2010 when compared to 2006 was 59.2%. This increase was largely influenced by the transformational acquisition of Terasen for \$3.7 billion in May 2007. Fortis total assets, inclusive of the Terasen purchase, grew from \$4.6 billion as at 31 December 2005 to \$12.9 billion as at 31 December 2010. During this time, earnings to common shareholders grew from \$147 million in 2006 to \$285 million in 2010. NEO Total Compensation (other than Pension Value), as a percentage of Fortis earnings, decreased from 2.49% in 2006 to 2.05% in 2010.

## COMPENSATION TABLES

The following table sets forth information concerning the annual and long-term compensation earned for services rendered during the last financial year by the CEO of Fortis and each of the other NEOs as defined in National Instrument 51-102F6 – *Statement of Executive Compensation*.

The value of the PSUs awarded was determined using the underlying value of Common Shares as of the grant date. The value used was actuarially determined to be \$24.24, \$19.11 and \$23.46 per PSU for 2008, 2009, and 2010, respectively. For accounting purposes, the awards for 2008, 2009 and 2010 are measured at fair value which is determined as the weighted average price of Common Shares traded on the TSX for the five trading days immediately preceding the date of the grant. This value was determined to be \$28.27, \$22.29 and \$27.36 per PSU for 2008, 2009 and 2010, respectively.

<sup>(2)</sup> Represents the fair value of stock options to acquire Common Shares. The fair values of \$4.76, \$4.10 and \$4.41 per option were determined at the date of grant using the Black-Scholes Option Pricing Model in 2008, 2009 and 2010, respectively.

<sup>(3)</sup> Represents amounts earned under the Corporation’s annual incentive program in the form of cash bonus related to the 2010, 2009 and 2008 financial years.

<sup>(4)</sup> The amounts reported include notional contributions to the DC SERP; employer contributions to the self-directed RRSP of the NEO; and, in the case of the CEO, the compensatory change in DB pension plan benefits.

<sup>(5)</sup> Includes the dollar value of insurance premiums paid by Fortis with respect to term life and disability insurance; imputed interest benefits of loans provided to NEOs in respect of the acquisition of Common Shares in accordance with the ESPP and for 2008 and 2009 in respect of income taxes arising from the exercise of stock options; vehicle benefits, share discount benefits and amounts paid by subsidiaries of Fortis as directors’ fees to Messrs. Marshall and Perry in 2008 (\$183,368 and \$105,875, respectively), in 2009 (\$186,135 and \$94,500 respectively) and 2010 (\$175,038 and \$110,060, respectively). No amounts are reported in respect of perquisites since such benefits do not exceed either \$50,000 or more than 10% of a NEOs total salary.

### Defined Benefit Plans Table

Name	Number of years of credited service (#)	Annual Benefits Payable		Accrued obligation at start of year (\$)	Compensatory charge (\$)	Non-compensatory charge <sup>(4)</sup> (\$)	Accrued obligation at year-end (\$)

<sup>(1)</sup> Mr. Marshall's participation in defined benefit pension plans ceased with respect to contribution and accrual of benefits on 31 December 2006. The annual pension to which he was entitled, had he retired on 1 January 2007, was \$910,000. He has received credit for 35 years of Credited Service at 31 December 2006 while his actual number of years of service with the Corporation as of 31 December 2006 was 27.07. An additional 7.93 years of Credited Service were granted, as of 31 December 2006, in accordance with the terms of the employment contract entered upon his appointment as CEO in 1996. His actual number of years of service at 31 December 2010 was 31.07. Since Mr. Marshall's entitlement to pension benefit under this plan was fixed as at 31 December 2006, there has been no augmentation to such benefit for any additional service after 31 December 2006.

<sup>(2)</sup> Mr. Marshall's pension entitlement under this plan was fixed as at 31 December 2006 and is subject to actuarial adjustment to the time of actual retirement and commencement of pension payments. This figure reflects the actuarially adjusted value of the pension benefit earned and payable as at 31 December 2006, assuming commencement of payment on 1 January 2011.

<sup>(3)</sup> The annual benefits payable at age 65 will be the actuarial equivalent of a \$910,000 annual pension payment, earned as at 31 December 2006, as adjusted to actual commencement of payment.

<sup>(4)</sup> Reflects the impact on the obligation of the change in the discount rate as at the measurement date. The discount rate used at 31 December 2010 was 5.75% compared to 6.50% as at 31 December 2009.

### Defined Contribution Plans Table<sup>(1)</sup>

RONALD W. McCABE	254,745	22,772	12,964	290,481

<sup>(1)</sup> All payments to be made under the DC SERP will be paid from the operating funds of the Corporation as the DC SERP is not secured through a trust fund or letter of credit.

<sup>(2)</sup> Compensatory change figure in table does not match with figure in Pension Value column of Summary Compensation Table due to Fortis contribution of one half of the amount available for contribution to each NEO's RRSP plan, as described in footnote 4 of the Summary Compensation table at page 33 of this Circular.

## TERMINATION AND CHANGE OF CONTROL BENEFITS

The Corporation has entered into agreements with each of Messrs. Marshall, Perry and McCabe which provide, in effect, that in the event the employment of any such individual is terminated by the Corporation, for other than just cause, the Corporation shall pay to such individual an amount equal to three times that individual's then current annual base salary. In addition, the terms of the employment contract between the Corporation and Mr. Marshall provide that he may elect to terminate his service under the agreement at any time within two years of a defined change of control of the Corporation. In such circumstances, the Corporation shall pay to Mr. Marshall an amount equal to three times his then current annual base salary. If such agreements had become operative as at 31 December 2010, the amounts payable by the Corporation thereunder to each of Messrs. Marshall, Perry and McCabe would have been \$3,000,000, \$1,350,000 and \$720,000, respectively.

The 2006 Stock Option Plan provides for an immediate vesting of options granted thereunder upon the happening of a defined change of control event. If such an event had occurred as at 31 December 2010, the gross amounts potentially realizable by each of Messrs. Marshall, Perry and McCabe upon the exercise of outstanding options that have not vested would have been \$2,281,199, \$1,027,402 and \$280,133, respectively.

The PSUP provides that payments authorized by the Human Resources Committee will be made whether or not the CEO is an employee of the Corporation. There are no specific provisions related to a change of control event. Since the measurement period for payments pursuant to the PSUP is three years, the date of termination of employment will be a relevant factor to be considered by the Human Resources Committee when deciding whether the performance measures have been satisfied.
